

## Information available from Coates Parish Council under the model publication scheme

This guidance gives examples of the kinds of information that Coates Parish Council can provide in order to meet its commitments under the model publication scheme.

Coates Parish Council will make the information in this definition document available unless:

- it does not hold the information;
- the information is exempt under one of the FOIA exemptions or Environmental Information Regulations exceptions, or its release is prohibited by another statute;
- the information is readily and publicly available from an external website; such information may have been provided by the public authority or on its behalf. The Parish Council must provide a direct link to that information;
- the information is archived, out of date or otherwise inaccessible; or,
- it would be impractical or resource-intensive to prepare the material for routine release.

It is a duty for parishes, under the Freedom of Information Act, to publish information to the public.

We are committed to making information available to the public as part of our normal business activities. The information covered is included in the classes of information mentioned below, where this information is held by us.
