

## **COATES PARISH COUNCIL RISK MANAGEMENT POLICY – MAY 2021**

Risk management is a systematic general examination of conditions, activities and environmental factors that will enable Coates Parish Council to identify any potential risks inherent in its practices.

The Council should take all practical and necessary steps to reduce or eliminate risks, insofar as is practically possible, making sure that all Councillors and employees are aware of them.

This document has been produced to enable the Council to manage the risks that it faces and satisfy itself that it has taken adequate steps to minimise them.

The following plan is followed:

- Identify the areas to be reviewed.
- Identify what the risk may be.
- Evaluate the management and control of the risk and record all findings.
- Review, assess and revise if required.
