Residents asked Councillors what was to happen to the representations received by the Council, raising issues about General Data Protection Regulation (GDPR.) Councillors replied that they were aware of GDPR issues and would act in accordance with advice from Gloucestershire Association of Parish and Town Councils (GAPTC.) In any event, personal details would be redacted from the representations before the Council released them.

This led to residents raising the issue of whether the representations should be sent to Mr Bellamy and/or made available to residents:

A resident said that the wording of the Parish Council's letter accompanying Mr Bellamy's brochure at the beginning of the Consultation (delivered 10 to 13 August 2021) had not advised residents that this would happen, and it was only referred to later in the Draft Minutes of the Council's meeting of 6 September 2021. Another resident claimed that GDPR restrictions would prevent the Council sending the representations to Mr Bellamy unless they were also made available to other residents. There followed some discussion about how this could be done.

The Council agreed to consider these matters and seek advice from GAPTC.

3. POINTS FOR CONSIDERATION AT NEXT MEETING
